

CERTIFICATE IN TAROT THERAPY

COURSE PROSPECTUS

This course offers a unique chance to learn how to use the Tarot for personal and professional development and empowerment. Learn how to use the Tarot and work to gain professional recognition as a Tarot Therapist.

COURSE DETAILS

Course material is based on my 'Tarot Therapy' books Volumes 1, 2 and 3. The Course takes place in Parkstone, Poole.

The Course takes place over one year, consisting of twelve days, each studying a different aspect and part of the Tarot. This will conclude with an examination of students' abilities, if they wish to receive a Certificate in Tarot Therapy. This is not compulsory. Students completing the Course will be given a 'Certificate of Attendance'.

The study of the Tarot is also a study of the self and students should be aware that development of the self is facilitated through the Course. Ongoing support and guidance is available to deal with any issues that may be raised. It is important students recognise the need for being open to their own therapeutic process initiated by the Tarot and the Course.

No prior knowledge or experience of the Tarot is required or assumed. It is necessary for students to own a pack of Tarot cards. Advice on the purchase of a suitable pack is available from the tutor if required. A number of decks are viewed on the first day.

The Course is suitable for those wishing to become professional Tarot Therapists with a view to beginning or developing their own Consultation practice. The Course is also suitable for those wishing to study the Tarot simply for pleasure, to further their existing esoteric knowledge or to study and develop themselves through this medium. It is not a Course for those wishing to learn 'fortune-telling'.

A 'Diploma in Tarot Therapy' Course is available for students who wish to continue their studies to an advanced level.

COURSE SYLLABUS

Each day includes theory and practice with emphasis placed on student involvement. There will be discussion subjects, meditative exercises and interpretation and consultation practice on every day. Students are encouraged to complete their own work between each day, consisting of consultation practice, written and development work.

The approach of Tarot Therapy is an experiential one. Each card is explored in a number of ways, by which its energy is accessed. The Energy and Responses to each card are examined in this respect. The energy of each card is freed in this way and it is this that engenders the transformational experience for the student. This is a vital aspect of the Course and a necessary experience before one is able to act as guide or therapist for another.

Please note that students who wish to withdraw on or after Lesson 3 of the Course must still complete full payment for the Course. This is because numbers are kept to a strict limit and withdrawing after the initial lesson may have deprived another student of a place.

COURSE TESTIMONIES

Below is a sample of what other students have written about the Course, which may be helpful for you in deciding if the Course is right for you at this time. The comments are taken from Evaluation Forms completed after the end of the Course.

The Course was a key that unlocked hidden and dusty rooms, some holding treasures, others holding apparent demons. Once these had been examined and dusted off and a clear air been allowed to enter through the windows, a freedom was recognised and an ability to move on up the hallway of life to new rooms and new experiences. As someone who was previously a novice to Tarot I highly recommend this course and the abilities of Steve to those who wish to qualify as Tarot Therapists.

I am a person who is very energy oriented and I was rather pleased to discover the way in which the energy of Tarot works and integrated perfectly with my healing work. The course has been useful for my own personal development as well as giving me another healing tool. As always not only the contents of such courses are valuable but also the people you meet.

Before I started the Certificate in Tarot Therapy Course I was familiar with the tarot. I had several packs and had taught myself with the aid of books and personal experiments to understand something of what the cards meant. The carefully planned modules of this course took me on a journey through the Tarot on a much deeper level. I learned how to experience the energy of the cards and how to use them in a therapeutic way. I was not the only person to benefit from this - the volunteers who were the subjects of the practice consultations gained knowledge and understanding of themselves and their lives through the sensitive and helpful approach I was being taught.

Steve Hounsome's well thought out and clearly written book and the wonderful taped exercises that were provided with the course also helped me to make a deeper and more spiritual connection to the Tarot, which was exactly what I wanted.

I cannot praise Steve highly enough for the detailed feedback given to me on each lesson I submitted. It was clear he took the time and care to study my work and to help me every step of the way, encouraging me with praise and only criticising in the most constructive way.

I have changed and grown as a result of taking this course. It has inspired me in many ways, not least in that I now approach working with the Tarot in a more creative and sensitive way.

Passing the exam has not brought an end to my journey, more of a new beginning. It has given me the confidence to share what I have learned of the Tarot in a therapeutic way that really helps people to deal with the important issues in their lives.

This brilliant and effective course is a definite must for those who want to work with Tarot.

*Thanks so much to [Steve Hounsome](#) ♥️ I 100% recommended him. The year long tarot therapy course has finished 😊 and what a year it was. He doesn't give you the answers, he doesn't read books at you and he doesn't tell you how to do it. He teaches you about the cards, how to read the energy of the cards yourself and how to connect with them, then guides you along every step of the way. He empowers you and helps you to feel confident with the cards with what, and how he teaches you. His knowledge of the tarot is immense and he says he is still always learning, there's no ego. He takes you out of your comfort zone and pushes you in such a subtle way, you don't notice. I wouldn't have done a tarot course with anyone else. I have learnt so much, both tarot wise and about myself doing this. If you want a tarot course with someone who really, REALLY knows their stuff and is genuine, Steve is your man ♥️ I 100% recommended him. Thanks Steve xxx
